VOL. IX. RENO, WASHOE COUNTY. NEVADA. WEDNESDAY. SEPTEMBER. 1 1880. NO. 131.

MISCELLANEOUS.

Colonel Lang of the Dalles, met with a painful accident lately. He was sitting with an open jack-knife in his hand, when he fell off in a faint. The blade pierced his cheek near his ear, causing a cut which passed around the face just below the eye, bone deep.

Mrs. Bailey, of Pendleton, W. T., recently came very near being cremated alive at the meadows, Umatilla county, where she was attending camp meeting. While near the fire her clothes caught and she was only rescued from a terrible death by the most strenuous exertions.

Says a correspondent of the Salt Lake *Tribune*: One of the drawbacks in the future of Frisco is the disagreeable fumes from roasting ores. It is not pleasant to inhale arsenic, sulphur and other compounds. Another drawback is the scarcity of water, which is sold at four cents per gallon delivered at the door.

The concession for the preliminary works of the British Channel Tunnel, which was granted for five years in 1875, has been renewed by the French Government for three years. The decree recites that the prescribed soundings and borings have been executed, and that further investigation are requisite.

Two men entered the Bold Amrs Hotel, Southport, England, carrying a 32-pounder Armstrong shell, which they said they had found on the shore. One of the men foolishly applied a light to the shell, which had not been emptied of its charge. The explosion severely injured one man and damaged the premises.

At Biggs recently, Bird Will and some other boys started on a hunting trip, and the horse not going fast enough to suit Bird, he took his gun and used it as a whip. In pulling the gun back, the hammers caught on the dashboard of the wagon, and both barrels were discharged, blowing off the thumb of his right hand and burning his breast.

Two men and a woman were convicted of murder at Detroit mainly on the evidence of Mary J. Smith, their sister, and sentenced to imprisonment for life. They have now been in prison four years. Mrs. smith was lately taken with an incurable disease. When told that recovery was impossible, she said that her testimony in the murder case was false, and that the prisoners were innocent. She was herself the guilty person. This statement she swore to with the greatest solemnity. Still, it is believed that the verdict was correct, and that the dying woman, through sympathy for her incarcerated relatives, sought to secure their release by a final lie.

How to Keep Cool.

From the Milwaukee News.

"During the terrible hot nights of the first weeks of July," said a gentleman who had spent several years in South America, "I slept comfortably and kept cool by adopting the plan which I learned and found practised in the torrid climate of South America. Just before retiring take a cool bath, not violent but cooling, after which don the nightshirt without drying the body and lie down. The result is astonishing—it is much like that produced by sprinkling water on the floor in the evening. The water absorbs the heat, and as it evaporates throws the heat off with it, leaving the body dry and cool. If the bath is not convenient, sprinkle the bed with water. If both can be done it is better. In South America the beds are all sprinkled just before retiring, otherwise it would be about impossible for the people to obtain any sleep. The recipe is infallible, as I know from long experience, and there is no danger in it."

Stop That Cough

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggists, Messrs. Osburn & Shoemaker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in every 75 cent bottle. Samples 25 cent. Large size 75 cents. feb2-d&w

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City may7-eod-D&W

FOR PRESIDENT,

JAMES A. GARFIELD,

OF OHIO;

FOR VICE PRESIDENT,

CHESTER A. ARTHUR,

OF NEW YORK.

THE PRESIDENT'S VISIT.

President Hayes will pass through Reno next Tuesday evening, according to the programme announced. He will be the first President to visit this coast. This country is so great in extent and so populous that comparitively few of its voters ever see the men whose names, as the leaders in public affairs, are familiar as household words. It is a rare privilege to set eyes upon the Chief Magistrate of the Nation. The President of the United States, into whose hands are entrusted the administration of the government of nearly fifty millions of people, wields more power and occupies a loftier and more honorable position than any crowned head on earth. Kings and Emperors reign by virtue of the accident of birth; the President of the United States is elevated to his eminent station by the votes of a free people.

In Rutherford B. Hayes the country has had a President of singular purity and loftiness of character, and these conspicuous traits have shone in his administration. He has done much to purify public life, and under his conduct of affairs the Nation has made rapid strides along the highway of prosperity and peace. The National credit maintained untarnished, a return to specie payments, a steady reduction the National debt, the redress of sectional grievances, the correction of abuses in the civil service—these are some of the things for which the country owes the present Administration a debt of gratitude.

The citizens of Reno should unite in some demonstration in honor of the coming of President Hayes. Music, fireworks, a salute, a general illumination and a brief address of welcome would be appropriate. The Garfield and Arthur Club should give the matter timely attention.

GARFIELD AND HANCOCK.

Gen. Garfield is a man of noble instincts and lofty aspirations. No one who knows him disputes that; no one familiar with his carcer can doubt it. Leading Democrats admit as much. He has had over twenty years experience in public life, knows the ins and outs of politics, and has an unturpassed knowledge of public men.

Such a man in the White House would naturally gather around him men of character and ability. His great experience would enable him to make wise appointments; and a man of his character would not suffer an incompetent or dishonest man to remain in office.

General Garfield has matured views and decided opinions upon all the great political questions of the day. He represents the best principles of the best Republicanism in the land. Garfield stands for liberal statesmanship, honest finance, careful economy, and a reformed civil service.

It is the misfortune of the "superb soldier," Hancock, that he has never had any political training whatever. No one questions his honesty; no one doubts his intelligence. That he is a good general is not disputed. But the administration of a government of half a hundred millions of people requires statesmanship, practical political experience, a thorough knowledge of political economy. Without these qualifications a President must be guided and controlled by his party chieftains, or else blunder along in a hap-hazard fashion, sometimes right and sometimes wrong, but always obstinate.

So far as the personal qualifications of the two candidates are concerned, no voter could hesitate for a moment which to choose. Both men are honest, but only one is competent. General Hancock, by training and habit, is a soldier; General Garfield, by genius and education, a statesman.

The fat and tender young wild ducks have learned the value of wings to-day.

WHY THE SOUTH IS SOLID FOR HANCOCK.

"Consider what Lee and Jackson would do were they alive. THESE ARE THE SAME PRINCIPLES FOR WHICH THEY FOUGHT FOR FOUR YEARS. Remember the men who poured forth their life blood on Virginia's soil, and do not abandon them now. Remember that upon your vote depends the success of the Democratic ticket."—[Wade Hampton, at the meeting in the interest of Democratic harmony in Virginia, at Staunton, July 26, 1880.

"Pause before you cast your vote. Think how Lee would have voted. Think what Jackson would have done before he would have cast a vote calculated to divide his beloved Virginia. I ask you to remember those who have died on your soil, AND TO REMEMBER THAT THE PRINCIPLES THEY DIED FOR ARE AGAIN ON TRIAL TO-DAY." — [What Wade Hampton said, as reported in the *Staunton Vindicator*, of July 30, 1880, the only Democratic paper in Staunton that published the substance of his address.

"General Hampton declared that the Democratic party, under Hancock's lead, was fighting for the same principles that Lee and Jackson fought for, and for which the Southern soldiers died. There was no qualification in the terms used. His appeal was for harmony in the Democratic party in Virginia, and to make it effective he brought up the war remembrance to touch the feelings of the audience."—[From the Staunton Valley *Virginian*, the paper from which the first quotation above is taken.

AN ANTI-AMERICAN SPIRIT.

Some Democratic papers say that, instead of Judge Beatty's being an anti-railroad candidate, the railroad supported him, because Washoe, Humboldt and Elko county delegates voted for him. The Carson *Appeal* takes the trouble to deny this, and says those counties are anti-railroad. The fact is railroad employees voted both for and against Judge Beatty and both of the other candidates. We have seen nothing to show that railroad men are not as independent as any other class, as Odd Fellows or Methodists or miners. There are corrupt and contemptible men among them, of course, and such men are driven about just the same as they would be if they were not railroad men. The attempt to brand a class of men as being less honorable or independent than some other class is contrary to the spirit of the Republican party, and we hope to see it lived down.

EDITORIAL NOTES.

The streets of Salt Lake city were originally laid out with regard to the institution of polygamy. They are made very wide, with extremely broad sidewalks, so that a Mormon and his wives could walk together side by side. But these wide streets have proved very costly to keep in repair, and now the Salt Lake *Herald* advocates that their breadth be reduced fifty feet, which would still leave them eighty-two feet wide. Should this change be brought about, a Mormon family will hereafter be obliged to walk in the streets of Zion in the form of a phalanx, instead of in line as formerly.

Lovers of the weed may be interested in knowing that, according to the *Paper World*, the straw paper used in filling the Havana cigars is saturated with a decoction prepared from the stem and refuse of Havana seed leaf, mingled with which are extracts of liquorice root, senna, etc. The paper is so skilfully stamped to resemble the tobacco leaves, the very veins of the leaf being perfectly imitated, that it can seldom, if ever, be detected from the genuine article.

The ninth of this month will be celebrated at Oakland by a grand military and civic parade, at which President Hayes will be present. It will be the thirtieth anniversary of the admission of California into the Union. Had the "chivs" who plotted to carry California out of the Union in '61, and whose survivors are now solid for Hancock—had they succeeded in their designs, there might not exist to day such an office as that of President of the United States.

Dr. Tanner's teeth all came out after his fast, his gums refusing to harbor them any longer. His disuse of them for forty days apparently convinced nature that his teeth were a useless encumbrance. Nature will not with impunity be trifled with.

Sharon's famous sack is quite put into the shade by the wheat sack of Minnesota, which this year must have a capacity of forty millions of bushels.

Denis Kearney has little or no following in California. The Democratic party has absorbed most of the Workingmen, as all vicious and disturbing elements naturally, sooner or later, gravitate to the Democracy.

The Eureka *Leader* says the Washoe Republicans will make a mistake if they don't nominate W. T. Hanford for the Assembly, and the county another if it doesn't elect him.

James G. Fair sails from Havre next Saturday. He is expected on the Comstock about the 25th. Nothing has been published from him in reference to the Senatorship.

The State University reopened at Elko to-day. As the pupil is not expected to arrive until next week, the faculty will not have anything to do until he comes.

At Washington, October 9th, St. Julien will make an effort to beat his own time, 2:11¼.

The Republican State Central Committee meets in Virginia to-morrow.

The V. & T. will transport six military companies to and from the State Fair, should a review be ordered, for $500. The Agricultural Society will probably pay this sum in order to secure an additional attraction for the Fair.

The great lava beds of Southern Idaho extend 35 miles, between Soda Spring and Oneida. At one point there is an extinct crater rising above the plains and with a central opening about 60 feet across and 75 feet deep.

The amount of damage done by the recent washout between Tucson and Patona, Arizona, is now ascertained to have been about 6,000 feet of track altogether, distributed over the nine miles between Papago and Pantano.

The Arizona *Sentinel* denies that the recent find of a 12¾ ounce nugget is the largest reported, and says that in 1861 Don Ferrar found one which weighed 36 ounces, and a Mexican boy found another which was six ounces heavier.

A cave occurred in the Sutro tunnel on the 30th, at a point 600 feet from the mouth, crushing two sets of timbers. The debris was cleared out last night. Several men and mules were shut in this side of the cave.

The Anaheim *Gazette* of August 28th says that on Sunday last, Mary Jane Weekly, wife of Laban Weekly, a bee-keeper residing in Trabucco Canyon, committed suicide by taking strychnine, which she had put in her coffee. She also attempted to poison her husband, but his life was saved. Cause, jealousy.

Peter McArthur, who was arrested at San Francisco some weeks ago on the charge of attempt to commit a rape on a girl named H. Henderson, of Los Angeles, was arraigned on the 30th, and put in a plea of guilty under mitigating circumstances, and was sentenced to the State Prison for eighteen months.

The Riverside *Press* reports that there has been an eruption of an unusual character in the Temescal mountains. The mountain adjoining Coldwater Canyon was burned over, and for a few days after this, as the sea breeze came up, the whirlwinds would carry the ashes high up into the air, making them look like jets of steam or smoke.

The Foothill *Tidings* says: The weight of fruit on most apple trees all through town—and Grass Valley comes pretty near being one continuous orchard—is already bending the limbs low down, and as the winter fruit is no more than two-thirds grown, a large amount of propping will have to be done before gathering time. Plums and pears are also abundant.

Beware of Picked-up Watermelons.

Speaking of the recent case of poisoning, the Chico *Record* says: Thursday afternoon a son of A. J. Wagner, who lives on Pine Creek, found a waterhielon on a piece of summer-fallow lying along the creek. He took the melon to the house, where his mother and three sisters and himself ate of it, and were in a very few moments taken violently sick. It happened that the boy, who is about fourteen years of age, found a watemelon which a neighbor had poisoned for squirrels. They are hardly expected to recover.

LITTLE CLIPPINGS.

A London magistrate sent a man to prison for three months for cutting off a cat's tail.

The Rev. Mr. Luke, of Quincy, Plumas county, shot a monster buck the other day weighing, when dressed, 150 pounds.

Mrs. Swan of Lafayette, Ind., a devout Roman Catholic, killed herself because her son married a Protestant.

The Earl Eldon, grandson of the penurious Chancellor, has just built a church at a cost of $150,000 to $200,000.

At the Goodwood races Lady Mandeville (Miss Yznaga of New York) wore a skirt of delicate pink and blue stripes, and an overskirt of pale primrose.

The Rev. F. C. Haddock has resigned the pastorate of the Congregational church at Waupaca, Mich., for "a cause which it is as well to say nothing about at present."

An Iowa woman by her will left an old armchair to one of her sons. In the stuffing was found a roll of bank notes amounting to $400. The legal question is whether the money belongs to the son.

Annie Haywood, a domestic servant, was charged before the Birmingham magistrates recently with boiling a cat alive. She was seen by a neighbor carrying the cat in her apron to a wash-house, and soon afterward came out shaking her empty apron. She frankly admitted that she had put the cat in the boiler out of spite to her sister, to whom it belonged.

Milton Carter of Columbia, Tenn., went about threatening to kill Holcombe on sight. John heard about it and armed himself. The two men met in a saloon, and Holcombe, without waiting for his enemy to begin the attack, emptied a double barrelled shot gun and two chambers of a revolver. Milton, who killed a brother of Holcombe four months ago, died without a struggle.

The Sabbath in Truckee.

From the Truckee Republican.

The largest faro game of the season was that of Sunday night. The betting by the outsiders was big, and they finally got away with the "racket." There were several knock-downs Sunday afternoon and evening, and the town wore several frightful "heads."

—A party of C. P. officials came up on a special train last evening and staid over night, going east this morning. With them was Mr. French, government inspector of roads.

— President Hayes will pass through Reno next Tuesday. It would be the most natural thing in the world for him to stop at the White House and get a change of clothing.

Why the Colonel Won't Trot.

In reference to the celebrated trotting horse, Colonel Lewis, the Sacramento *Bee* says it is now known that he will not take part in any of the races during the coming Fair week. His owner, Col. Wm. Hawkins, has taken the horse from Sacramento to his ranch near Chico, where he will be turned out. The horse has become hoof-bound in his front feet, and will be unable to appear in any of the Fall races, his hoofs having been pared down to the quick, which will incapacitate him for trotting for several months to come.

Aid For a New Road.

Messrs. McDonald and Ford, of Alturas, are in Reno soliciting aid for a new road which they claim will divert to Reno all the trade which now goes to Redding from their town. The road is already building. Money is needed to carry it through. Reno merchants should give the subject careful consideration, and lend the enterprise all the aid possible, if they find it deserving.

The St. Clair Case.

The Humboldt County Commissioners proposed to secure the services of either U. S. District Attorney Varian or Col. Ellis of Carson, as counsel for the prosecution of St. Clair for murder. The Board have reached the decision that they are not authorized to employ counsel in the case, and therefore they have engaged none. Should the Grand Jury so recommend, the Board will engage counsel to assist the acting District Attorney.

Personal.

Mrs. D. Banks McKenzie has quite recovered her health.

James E. Anderson, of the Ruby Hill *News*, went to Carson this morning.

Some Crumbs of Information About the Locust.

Prof. J. G. Lemmon is in Oakland again, suffering somewhat from exposure to the sun while chasing locusts around Washoe valley. He writes to the GAZETTE that he has completed his report on the depredations of the locusts in this region. It will appear in the *Bulletin*. He finds upon exact comparison of specimens secured that two of the regular migrating locusts are with us—the *Caloptenus femur-rubrum*, or "red-leg locust," and the *C. atlantis*, or "lesser locust." They both have shorter wings than usual, so possibly cannot fly so far. But it is their habit to rise and fly for many miles, as their instincts dictate, to find fresh pastures where their enemies do not abound. One of them—the bright little olive and white striped—the Professor mistook for a *Pezotettix* when here.

The Professor has made a regular scientific report, fairly bristling with long Italic names, which he has forwarded to Prof. Thomas to be incorporated in the regular report of the Locust Commission this season. He has also sent the Commission specimens in full of locusts collected.

The Honorable Pete Smith Takes a Shoe Out of Season.

In a communication to last evening's *Times* some one in Carson says that on the 26th or 27th of July a party of prominent Virginia men, meat hunters, consisting of Hon. Pete Smith, ex-Mayor Kaneen, Miles Finlen and Geo. Senf, better known as "Graphy," went to Eldorado canyon, ostensibly on a prospecting expedition, but really to kill sage hens. They bagged three. The Hon. Peter Smith was a member of the last Assembly, and assisted in forming our present game law, which prohibits the shooting of sage hens before Sept. 1. The *Times* contributor further alleges that on last Saturday afternoon another party composed of the aforesaid Hon. Pete, his fellow law-breaker "Graphy," of Eldorado canyon memory, and some others, went over to Glendale on the lawless mission of hunting snipe and young ducks. He says he has the authority of a respectable citizen of Virginia City for stating that the constable of his ward was duck hunting on the Truckee Meadows some four or five weeks ago. The *Times* agrees to furnish the name of the writer, on application.

Sudden Departures From Tuscarora.

The *Times-Review* complains that there has been "too much lighting out" from Tuscarora lately. The way from Tuscarora to civilization has of late been brilliantly illuminated by departing creditors, leaving behind them streaks of light such as a fleeting meteor trails across the evening sky. An individual named Matthews was the last to "light out" in this manner, but his vigilant creditors in the metropolis of the north invoked the aid of the lightning, had him arrested at Elko, brought him back, and compelled him to pay up before he was suffered to depart. It is hoped that Matthews' case may be a terrible example to others.

Tramps in Bond.

An hour's wonder in Winnemucca the other day was the discovery of six tramps in a bonded car loaded with imported merchandise from New York. As the United States laws are very strict regarding the opening of cars containing bonded goods, and prescribe severe penalties for breaking the Custom House seals on such cars, the *Silver State* says the railroad men not caring to be fined or imprisoned for violating the law, simply pried the door open and let the tramps get out, without breaking the seals. How the tramps got in is a secret known to themselves and they will not reveal it.

Items From the Truckee "Republican."

Mr. Frank Rabell, who was stricken with paralysis some time ago, does not seem to improve much.

Ice formed in many places about here this week. Warren Richardson says it came down his mill flume Monday morning, forming masses that weighed over 150 pounds.

The storm on Lake Tahoe last week did a great deal of damage. The boom containing 200,000 feet of logs, the property of H. E. Casey, was scattered over the lake, and the landing places for the steamers at different points were considerably damaged.

Sharon's Unexpected Serenade.

Senator Sharon was serenaded in Virginia last evening. The music was furnished at the usual rates. When he appeared on the balcony of the hotel in response to calls and was "introduced" to the handful of men who had congregated to hear the music, some one who remembered him remarked that he was looking much older since he "resided" in Nevada the last time. After frequent calls for the "sack" to be brought out to public view, the music ceased, and the serenade was over.

Stabbing at Boca.

Boca is obtaining quite a reputation as a lively camp. Can the brewery there have anything to do with it? On Monday an Italian named Anglesser Martin stabbed Charles McBrown with a case knife, inflicting a wound on the neck. The cut was about three inches deep, the knife passing under the skin and through the muscles of the neck. The wound bled profusely, but Dr. Curless of Truckee, who dressed it, does not consider it dangerous. Justice Keiser of Truckee, has held the Italian to answer with bail fixed at $1,000.

Armed to the Teeth

Is a very common expression, but we think that armed to embellish and preserve them to a ripe old age is decidedly more appropriate This can be done by keeping yourself supplied with a bottle of that splendid dentifrice, Fragrant SOZODONT, which will beautify the teeth and preserve them from the ravages of decay. SOZODONT contains no acids o gritty substances which injure the enamel but is composed of rare and antiseptic herbs, which have a beneficial effect on the whole economy of the mouth. 8-1-1m D&W

The State of Nevada sends to George R. Hutchinson, Thomas M. Hutchinson, James Hutchinson and Louisa Stiger, heirs at law of Nancy L Wheat, deceased, and Louisa Stiger, Administratrix, and W. H. Stiger, Administrator of the estate of Nancy L. Wheat, deceased, and W. H. Wheat, greeting: You are hereby required to appear and answer an action commenced against you as defendants, by James A. Ferguson as plaintiff, in the District Court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. Said action is brought to recover payment of a promissory note executed by Nancy L. Wheat in her life time, said note now being the property of plaintiff, for the sum of two hundred dollars, to C. W. Jones and S. E. Jones, dated Sept. 6th, 1878, and became due in six months from date, said note and money to draw two per cent interest per month from date of note until paid. That the said Nancy L. Wheat also executed to said parties a mortgage on the south half of Lot 5, Block P, in the town of Reno, County of Washoe, and State of Nevada, to secure the payment of said note. That there is now due and unpaid, as claimed in the complaint on said note the sum of two hundred and fifty-two and 66-100 dollars gold coin. A decree of foreclosure of said mortgage and an order to sell said real property is prayed against all the defendants to said action. And there is also an order prayed for in said complaint directing the payment of said sum of money due with interest thereon from the moneys realized from the sale of said property with costs and attorney's fee, as in said mortgage provided, in the sum of one hundred dollars, and should there be any remaining moneys arising from the sale of said property, that such remainder be paid into Court to await the order of the Court for reasons set out in the complaint and for general relief; all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said County. And you are further notified that if you fail to appear and answer said complaint, the plaintiff will apply to the Court for the relief demanded.

SEAL. In testimony whereof, I, Mark Parish, have hereunto set my hand and affixed the seal of said court, this 27th day of July, A. D. 1880.

REPUBLICAN PLATFORM.

Following is the text of the resolutions adopted by the Republican National Convention on Saturday, June 5, 1880:

Republican rule has restored upon a solid basis payment in coin for all the national obligations, and has given us a currency absolutely good and legal, and equal in every part of our extended country. It has lifted the credit of the nation from the point where six per cent bonds sold at 86, to that where four per cent bonds are eagerly sought at a premium. Under its administration railways have increased from 21,000 miles in 1860 to more than 82,000 miles in 1879. Our foreign trade has increased from $700,000,000 to $1,150,000,000 in the same time, and our exports, which were $20,000,000 less than our imports in 1860, were $264,000,000 more than our imports in 1870. Without resorting to loans it has, since the war closed, defrayed the ordinary expenses of government, besides the accruing interest on the public debt, and disbursed annually more than $30,000,000 for soldiers' pensions. It has paid $880,000,000 of the public debt, and by refunding the balance at lower rates, has reduced the annual interest charge from nearly $151,000,000 to less than $89,000,000. All the industries of the country have revived; labor is in demand; wages have increased, and throughout the entire country there is evidence of a coming prosperity greater than we have ever enjoyed. Upon this record the Republican party asks for the continued confidence and support of the people, and this convention submits for their approval the following statements of the principles and purposes which will continue to guide and inspire its efforts:

ENUMERATION OF PRINCIPLES.

First. We affirm that the work of the last twenty-one years has been such as to commend itself to the favor of the nation, and that the fruits of the costly victories which we have achieved through immense difficulties should be preserved. That the peace regained should be cherished. That the dissevered Union, now happily restored, should be perpetuated, and that the liberties secured to this generation should be transmitted undiminished to future generations. That the order established and the credit acquired should never be imperiled. That the pensions promised should be paid. That the debt so much reduced should be extinguished by the full payment of every dollar thereof. That the reviving industries should be further promoted, and that the commerce already so great should be steadily encouraged.

Second. The Constitution of the United States is the supreme law, and not a mere compact. Out of the confederated States it made a sovereign nation. Some powers are denied to the nation, while others are retained by the States; but the boundary between the powers delegated and those reserved is to be determined by national and not by State tribunals.

Third. The work of popular education is one left to the care of the several States, but it is the duty of the national government to aid that work to the extent of its constitutional ability. The intelligence of the nation is but the aggregate of the intelligence in the several States, and the destiny of the nation must be guided, not by the genius of any one State, but by the average genius of all.

NON-SECTARIAN SCHOOLS.

Fourth. The constitution wisely forbids Congress to make any laws respecting an establishment of religion, but it is idle to hope that the nation can be protected against the influence of sectarianism while each State is exposed to its particular domination. We therefore recommend that the constitution be so amended as to lay some prohibition upon the Legislature of each State, and to forbid the appropriation of public funds to the support of sectarian schools.

Fifth. We reaffirm the belief avowed in 1876, that the duties levied for the purpose of revenue should be so discriminate as to favor American labor. That no further grant of the public domain should be made to any railroad or other corporation. That slavery having perished in the States, its twin barbarity, polygamy, must die in the Territories. That everywhere the protection accorded to a citizen of American birth must be secured to citizens of American adoption. That it is the duty of Congress to develop and improve our water-courses and harbors, but we insist that further subsidies to private persons or corporations must cease. That the obligations to the men who preserved its integrity in the day of battle are undiminished by the lapse of fifteen years since their final victory. Their perpetual honor is and shall forever be the grateful privilege and the sacred duty of the American people.

THE CHINESE PLANK

Sixth. Since the authority to regulate immigration and intercourse between the United States and foreign nations rests with the Congress of the United States and the treaty-making powers, that the Republican party, regarding the unrestricted immigration of the Chinese a matter of grave concernment and under the exercise of both these powers would limit and restrict that immigration by the enactment of such just, humane and reasonable laws and treaties as will produce that result.

Seventh. That the purity and patriotism which characterized the earlier career of Rutherford B. Hayes in peace and war, and which guided the thought of his immediate predecessor to him for a Presidential candidate, have continued to inspire him in his career as chief executive, and that history will accord to his administration the honors which are due to an efficient, just and courageous fulfillment of the public business, and will honor his interposition between the people and proposed partisan laws.

INIQUITIES OF THE DEMOCRACY.

Eighth. We charge upon the Democratic party the habitual sacrifice of justice and patriotism to a supreme and insatiable lust for office and patronage; that to obtain possession of the national and state governments and of the control of place and position, they have obstructed all the efforts to preserve the purity and conserve the freedom of suffrage; have devised fraudulent certificates and returns; have labored to unseat lawfully elected members of Congress, to secure at all hazards the vote of the majority of States in the House of Representatives; have endeavored to occupy by force and fraud places of trust given to others by the people of Maine, and rescued by the courage and action of Maine's patriotic sons; have by methods vicious in principal and tyrannical in practice, attached partisan legislation to appropriation bills; have crushed the rights of individuals, and vindicated the principles and sought the favor of rebellion against the nation, and have endeavored to obliterate the sacred memories of the war and to overcome its inestimable good results—freedom and individual equality. We affirm it to be the duty and purpose of the Republican party to use all the legitimate means of this Union to secure the perfect harmony which may be practicable, and we submit to the practical, sensible people of the United State to say whether it would not be dangerous to the best interests of our country at this time to surrender the administration of the national government to a party which seeks to overthrow the existing policy under which we are so prosperous, and thus bring destruction and confusion where there is now order, confidence and hope.

REPUBLICAN STATE TICKET.

REPUBLICAN STATE TICKET

PRESIDENTIAL ELECTORS:

R. H. TAYLOR, : : : : STOREY
O. H. GREY, : : : WHITE PINE
E. A. MORTON, : : ESMERALDA

FOR JUDGE OF THE SUPREME COURT:

WILLIAM H. BEATTY.

FOR CONGRESS:

ROLLIN M. DAGGETT.

Resolutions Adopted by the Republican State Convention:

RESOLVED, That the platform of principles adopted by the National Republican Convention, at Chicago June last, deserves and receives the approval and hearty indorsement of all the Republicans of Nevada.

RESOLVED, That the hordes of Chinese that are coming in upon our shores to eat out our substance are destroying our country, impoverishing our mines, mining and laborers, debauching our youth, and making both men and women lower in the scale of humanity. This evil must and shall be stopped, and to this end we pledge the entire strength of the Republican party.

In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Commissioners now in negotiation with the Chinese Government fail to secure by the first of next January such modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty then be promptly annulled, and such laws enacted as will relieve us at once and forever of the Asiatic scourge now menacing the well-being of the Republic.

RESOLVED, That we most heartily indorse the general financial policy of the Republican party, which, in spite of every opposition on the part of the Democracy, has led to the resumption of specie payments, the raising of our national credit to a height never before known, and to the restoration of a national prosperity. But we also demand the complete restoration of silver coin to its former position by the side of gold; and for the purpose of attaining that end we hold it to be the duty of the General Government, through the authorization of Congress, to coin into standard dollars or other legal tender currency, at the cost of coinage, and for the benefit of the producer, the entire silver product of the country, relieving the mining industry from the loss attending the shipment to and sale of silver bullion in foreign markets.

As mining for the precious metals is the leading industry of Nevada, we are inflexibly opposed to the bill reported by the Committee on Mines and Mining, and now before the House of Representatives, prohibiting the following of fissure veins or deposits beyond the vertical lines of surface boundaries; and we urge our Representatives in both Houses of Congress to continue their efforts for its defeat. Such a restriction would work disaster to the labors of the prospector, and seriously retard the development of the mineral riches of the West, and we cordially indorse the action of our Representative, the Hon. R. M. Daggett, in this behalf.

RESOLVED, That the Republican party claims it to be the right and duty of State and Territorial Legislatures to regulate and restrict the charges of railroads exclusively within their respective boundaries, and that it is no less the constitutional right than the positive duty of Congress to regulate the tariffs and restrict the charges of inter-State railroads.

RESOLVED, That while we congratulate the country on the successful resumption of specie payments, and the splendid financial condition of the Republic, we are in favor of restricting the issuance of National and State legal tender notes, to denominations of not less than five dollars, thus creating an increased home demand, as a circulating medium, for the precious metals which our mines are annually yielding.

RESOLVED, That Gen. James A. Garfield and Chester A. Arthur, by their services to the country, by their devotion to principle, and by their unspotted reputation as men and as citizens, are deserving of the united and earnest support of all the loyal people of the United states for President and Vice President thereof. We rejoice in their nomination, and we pledge to them the electoral vote of Nevada at the ensuing election, by an overwhelming majority.

MIDDLE-AGED MEN.

On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
